Recognising Talent & Upholding Quality

"I was always truly amazed, year after year, at the knowledge, passion, precision and energy Phil would bring into rehearsals" Nigel Casey - *Grease, West Side Story, Joseph, Starlight Express* ★★ ★★ ★★ ★★

"I firmly believe that without Phil's support, my career wouldn't be where it is today. He made me believe I could do it, supporting me through every aspect. Taking the time to iron out any vocal issues I may have, all in a way that made me feel confident in my performance.

I've attended many shows supervised and arranged by him since then, each has a touch of magic that I think only Phil can achieve." Sam Lane - *Starlight Express, Only Fools and Horses* ★★ ★★ ★★ ★★
